

T&S BRASS — HANDS FREE SINCE 2001

*Protect the health of your customers and employees.
T&S Brass can help you make the conversion to hands free.*

Retrofit with:

EC-3130-8DP

EC-3132-8DP

EC-3142-8DP

Universal deck plates are available allowing single-hole faucets to be installed in nearly any setting. Deckplates work to cover and tightly seal any unused mounting holes.

4" Deck Plate – 013433-40

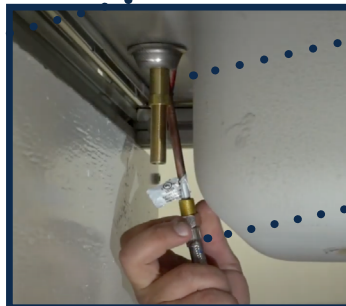

8" Deck Plate – 013434-40

Easy to Retrofit • No Electricity Required • All Units Come Standard with A Battery Power Option

DC INSTALLATION STEPS

- 1 Make sure the water is turned off.
- 2 Remove the existing Manual Faucet.
- 3 Install the deck plate over the existing sink holes.

- 4 Pull out the battery saver strip.
- 5 Guide the supply tube, shank and wire lead through the deck plate center hole.
- 6 Attach the flex water lines to the faucet and shut-off valves.

- 7 Turn the water on.
