

GROCERY MARKET

At T&S, we've been supplying quality faucets and plumbing products to grocery, retail, and a wide variety of other markets for over 75 years. Our extensive selection of water- and energy-saving products is ideal for all areas of the store, including meat departments, bakeries, delis, and pharmacies, helping facilities reduce costs and get the most out of their equipment. Our deep understanding of the unique space requirements and services provided by grocery and retail establishments allows us to develop an array of innovative and efficient solutions that help operators save money, conserve resources, and focus on their customers. Grocery and retail establishments around the globe trust T&S for plumbing products with **RELIABILITY BUILT IN.**

BY THE NUMBERS HOW T&S CAN MAKE AN IMPACT

Grocery establishments and those who specify for them trust T&S for quality products and breadth of product offering. See the impact T&S can have:

GROCERY MARKET

12+

T&S offers **DOZENS** of product categories to cover many supermarket needs, from hose reels and service sinks to gas hoses and more.

30+

The average supermarket has **30+** fixtures.

100

Nearly **100** Whole Foods Market locations across the U.S. have recently installed T&S Brass hose reels to make cleaning easy and reliable.

.....
\$20k

On average, supermarkets can save **\$20,000** annually per store by evaluating fixtures via a T&S Water Audit.

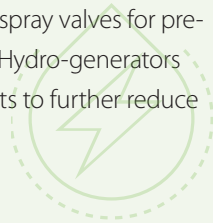

WHY CHOOSE T&S?

Demanding grocery and retail environments require equipment that promotes excellent hygiene while standing up to constant use. At T&S, our range of trusted products provides specialized features that contribute to the quality and efficiency of your operation, which are reflected in your bottom line. And with our reliable and durable designs, your staff can concentrate on what they do best — serving your customers.

▶ WATER AND ENERGY CONSERVATION

With so many plumbing applications within grocery environments, there are plenty of opportunities to save water, which in turn save energy and significantly reduces utility bills.

As a leader in water conservation for decades, T&S remains focused on sustainably manufacturing effective products that minimize water usage. This includes such items as low-flow aerators for manual and sensor faucets and low-flow spray valves for pre-rinse units (PRUs) and hose reels. Hydro-generators are also available for sensor faucets to further reduce energy consumption.

▶ ANTIMICROBIAL COATING

Although nothing can stop the spread of germs as well as proper handwashing and good hygiene, optional antimicrobial coating for faucet handles can help make these practices more effective.

The coating provides an antimicrobial barrier to odor and stain-causing microbes such as bacteria, molds, mildew, and fungi. This creates an environment where microbes lose their ability to grow and flourish to prevent germs from passing from handle to hand.

Not only is this important in prepared food and deli areas, but also for handwashing in employee and customer bathrooms.

▶ QUALITY AND DURABILITY

Modern grocery and retail are demanding environments. Operations don't have time to waste dealing with inferior plumbing products that run the risk of breaking or leaking. T&S earned its reputation for the exceptional, commercial-grade durability of its products through first-class workmanship, superior lifecycle testing, and the use of high-grade materials.

▶ INTERCHANGEABILITY

Because T&S intentionally designs product components and parts to work together, it's easy to configure the exact product you need for your application. This ability to "mix and match" also simplifies part stocking for your maintenance staff by requiring them to keep fewer proprietary replacement parts on hand.

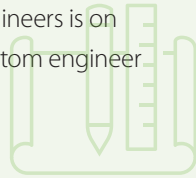

▶ EXTENSIVE PRODUCT LINE

T&S offers specialized products for virtually any grocery application — from safe handwashing to general water use in areas such as floral, deli stations, food prep areas, maintenance rooms, pharmacies, and more.

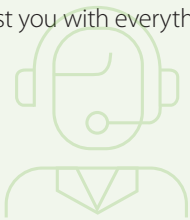

CUSTOM ENGINEERING AND MODIFICATIONS

If you have a unique application that requires a custom approach, our team of engineers is on hand to make modifications or custom engineer a solution to suit your needs.

OUTSTANDING CUSTOMER SERVICE

T&S is here to help at every step of your project. From providing expert product advice at the time of ordering or specification through answering questions at the time of install and beyond, our customer service staff has extensive training to assist you with everything you need.

GROCERY AT A GLANCE

No matter what your specific grocery or retail needs are, T&S has the perfect solution for you. Give us a call if you don't see what you're looking for in this sample of our most popular products. We'll be happy to help you find it in our extensive catalog or engineer a custom design for your specific grocery or retail application.

KITCHEN/BAKERY

B-0113-B

EasyInstall Single Hole Deck Mount Pre-Rinse Unit
• Eterna compression cartridge with spring check and lever handles, 24" riser and wall bracket with flexible stainless steel hose with heat resistant handle and spray valve

B-0600

Wall Mount Pot and Kettle Filler • Atmospheric vacuum breaker, 68" flexible stainless steel hose with self closing spray valve with hook nozzle

B-0231

8" Wall Mount Double Pantry Faucet • 12" swing nozzle with stream regular outlet, Eterna compression cartridges with check valves and lever handles

EC-1210-08

Single Hole Deck Mount Electronic Sensor Glass Filler • 8" high/outlet clearance, 4 5/8" high arc rigid nozzle, 1.5 GPM vandal-resistant laminar device with antimicrobial coating, AC/DC control module with internal flow control setting switches

B-0577

13 1/8" Wall Mount Range Faucet • Swing nozzle with 2.2 GPM aerator, on-off control actuated when nozzle swings to left or right

HG-4D-48GS-K

Gas Hose, Safe-T-Guard Quick-Disconnect Valve, SwiveLinks, Gas Elbows & Cable Kit • 48" gas hose with 3/4" NPT male connections and quick disconnect valve, swivel fittings and restraining cable kit

B-2282-01

Dipperwell Faucet & Bowl Assembly • Polished chrome plated knob and 1/2" NPSM male inlet with 5/16" I.D. sweat fitting connection; stainless steel bowl with stainless removable inner over-flow cup and 1 1/2" brass tailpiece

B-0231-U12

8" Wall Mount Double Pantry Faucet with UltraRinse
• 12" swing nozzle with stream regular outlet, Eterna compression cartridges with spring checks and lever handles and UltraRinse rinsing/thawing attachment

FOOD PREP

B-1146

4" Wall Mount Workboard Faucet • 5 3/4" swivel gooseneck with 2.2 GPM aerator, Eterna compression cartridges with spring checks and lever handles

B-0580

18" Double Joint Nozzle Wall Mount Pot Filler • 1/2" NPT female inlet, on-off volume control outlet with insulated grip

B-3990

3 1/2" Sink Opening Modular Waste Drain • Stainless steel body with push-pull handle with chrome plated metal handle guard, adapter for 1 1/2" NPT male outlet (remove for 2" NPT male or 1 1/2" NPT female), snap-in removable strainer and overflow outlet with cap

EC-3105

4" Wall Mount Electronic Sensor Faucet • 4 1/8" rigid gooseneck with 2.2 GPM vandal resistant aerator, AC/DC control module with internal flow control setting switches and temperature control mixing valve with integral check valves

MPZ-8WLN-06

8" Wall Mount Mixing Pre-Rinse Unit • Add-on faucet with 6" swing nozzle and stream regulator outlet, 8" riser, flexible stainless steel hose with 1.15 GPM spray valve with heat-resistant handle, adjustable wall bracket, Eterna compression cartridges with spring checks and lever handles

DISH ROOM

B-0133-ADF12-B

EasyInstall 8" Wall Mount Mixing Pre-Rinse Unit • Add-on faucet with Eterna compression cartridge with spring check and lever handles, 12" swing nozzle with stream regulator outlet, riser and flexible stainless steel hose with heat resistant handle and spray valve

B-0290

8" Wall Mount Big-Flo Mixing Faucet • 12" plain end swing nozzle, compression spindles with 4-arm handles, 3/4" NPT female inlets and 3/4" NPT female short inlet elbows

B-0175

8" Wall Mount Mixing Faucet and Spray Assembly • Add-on faucet with compression cartridge and lever handle, 12" swing nozzle with stream regulator outlet, 104" flexible stainless steel hose and angled 1.15 GPM spray valve and Eterna compression cartridges with spring checks

B-3950

3 1/2" Sink Opening Twist Handle Waste Drain • Rotary valve with rough chrome-plated body, 2" NPT male outlet/1 1/2" NPT female outlet, twist handle with heat resistant plastic grip, 2" NPT female x 1 1/2" NPT male adapter, 3 1/2" snap-in removable strainer and overflow outlet with cap

MAINTENANCE ROOM

B-0665-BSTR

8" Wall Mount Mixing Service Sink Faucet

- Rough chrome-plated brass body, spout with vacuum breaker, pail hook and garden hose male outlet, Eterna compression cartridges with spring checks and lever handles, built-in service stops in body and upper support rod

B-7232-U01XS1E

8" Wall Mount Mixing Faucet Hose Reel System

- Eterna compression cartridges with spring checks and lever handles, 16" riser, control valve, 40" riser, wall brackets, continuous pressure vacuum breaker, 36" flexible water hose connector with stainless steel quick disconnect, open coated hose reel with 3/8" x 35' heavy-duty non-marking hose, ratcheting system, high flow spray valve with swivel, multi-fit bracket and adjustable hose bumper

EW-7360B

Wall Mount Eye Wash

- Round stainless steel receptor with brass stay-open ball valve, plastic eye wash head with laminar flow device, integral flip-top dust cover, 1/2" NPT inlet and 1 1/4" NPT waste outlet

B-0509-D127XV12

Ledge-Mounted Double Pedal Valve

- 7 1/16" deck mount dummy swivel gooseneck with 1.2 GPM vandal-resistant aerator and 1/2" NPSM male deck mount base flange, horizontal surface mount double knee pedal valve with chrome plated solid brass body and aluminum pedals and self-closing valves

TPS1010-B0520V5

Portable Stainless Steel Handwashing Station

- Two onboard 6.5 gallon tanks for fresh water and waste, foot pump, swivel casters, deck mount rigid/swivel gooseneck with 0.5 GPM vandal resistant non-aerated spray device and 1/2" NPSM male inlet

B-7132-U01WS7TC

Recess mounted stainless steel hose reel cabinet containing 1/2" union inlets, 1/2" check valves, loose key stops, mixing valve with ceramic cartridges, shut-off control valve with ceramic cartridge, hose reel connector kit with 1/2" NPT elbow, 18" riser and vacuum breaker

- Open stainless steel reel with 3/8" x 35' heavy-duty non-marking hose, ratcheting system, high flow spray valve with swivel, multi-fit bracket, stainless steel wall mount swing bracket and adjustable hose bumper
- Certified to ASSE 1056

RESTROOMS

B-2711-VF05

4" Centerset, Deck Mount Lavatory Single Lever Faucet

- 0.5 GPM vandal resistant non-aerated spray device with Cerama cartridge with adjustable temperature limit stop

EC-3102-VF05

Single Hole, Deck Mount Electronic Sensor Faucet

- 0.5 GPM vandal resistant non-aerated spray device with above deck electronic AC/DC control module with internal flow control setting switches and above deck temperature mixing handle

B-0712

Single Hole, Deck Mount Self-Closing Metering Faucet

- Single temperature with 2.2 GPM aerator, metering cartridge and push button cap

ALL AREAS

TSB-2020 WATERWATCH FLOW MONITORING DEVICE

The WaterWatch flow monitoring system provides water usage reporting in real time. With water consumption reports monitored via wifi connection, the device detects leaks and notifies the owner of catastrophic failures. Plus, it's designed with non-intrusive installation features, includes a 16' cable and power adapter, and is powered by a micro-B USB input.

LEADING THE WAY IN THE **GROCERY** MARKET

Founded in 1947, T&S Brass and Bronze Works, Inc. is a leading manufacturer of faucets, fittings, specialty products and accessories for the grocery & retail, healthcare, foodservice, industrial, and commercial plumbing markets. T&S products are highly acclaimed throughout the industry for being well-built, long-lasting, and reliable. Rigorous testing and a focus on interchangeability have helped set T&S apart from the competition for more than 75 years.
