

# Superior Features of the Redesigned T&S B-1100 Series Workboard Faucets

## The B-1100 Series: **WHAT'S NEW?**

Our redesigned B-1100 Series Workboard Faucet update means that all T&S faucets including the

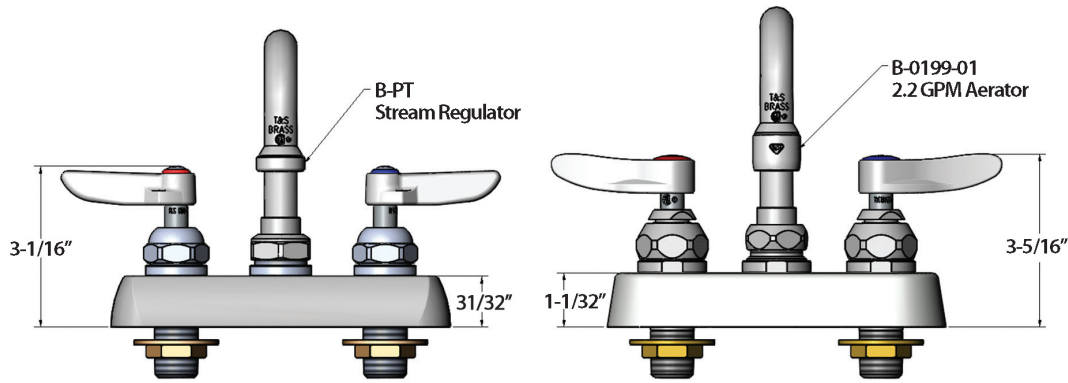

B-1100 series use T&S cartridges instead of spindle assemblies. Other changes include:

- A AERATOR**
  - B-0199-01 (2.2 GPM) aerator replaces the B-PT stream regulator
  - B-1100 series outlet is now a water-saving aerator
- B BONNET**
  - New, distinctive design
- C CARTRIDGES**
  - B-1100 faucets now use B-1100 Eterna cartridges, or the option of B-1100 Cerama cartridges (on select B-1100 models)

- E ESCUTCHEON**
  - A sturdy, reinforced escutcheon
  - Change includes all three sizes of workboard faucets: 3½", 4" and 8" C/C
- FB FAUCET BODY**
  - Heavy-duty forged brass faucet bodies redesigned for T&S cartridges
  - No longer uses spindles with threaded bodies and removable seats
  - Easier to maintain and install replacement parts

- H HANDLES**
  - New streamlined design of lever and wrist-action handles
- I INDEXES**
  - Hot and cold indexes have a new, clean look to complement new handles
- PN PACKING NUT**
  - New design, same look as bonnet and swivel nut
- SN SWIVEL NUT**
  - New design, same look as bonnet and packing nut

# The B-1100 Series: HOW CAN I TELL OLD MODELS FROM THE NEW ONES?

Current B-1110 with Spindles

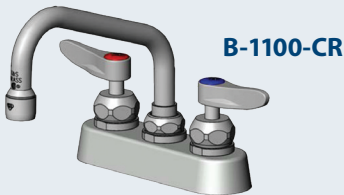

NEW B-1110 with Eterna Cartridges

## B-1100 Series Workboard Faucet ENHANCEMENTS

### B-1100 Series APPLICATIONS

- Hand washing sinks
- Bar sinks
- Prep tables with sinks
- Blender stations

### B-1100 Series NEW CERAMA MODELS

- |              |              |
|--------------|--------------|
| B-1110-CR    | B-1123-CR    |
| B-1110-CR-LN | B-1125-CR-LN |
| B-1115-CR    | B-1128-CR    |
| B-1115-CR-LN | B-1141-CR    |
| B-1120-CR-LN | B-1146-CR    |

### 1 Change from spindles with threaded bodies and seats to standard T&S cartridges:

- Eterna with integral spring checks
- Cerama with integral check valves

**ADVANTAGE:** Reduces the number of spare parts for plumbers to stock; common cartridges across the whole T&S product line.

- Extends life of faucet body (no more internal spindle threads and wearable seats)
- Eterna: 50 plus years of reliability
- Cerama option: Built for lifetime durability (and guaranteed)
- Simplified full open in a 1/4-turn of handle operation

### 2 New visual appearance of key components such as handles and indexes, bonnets, packing nuts and swivel nuts.

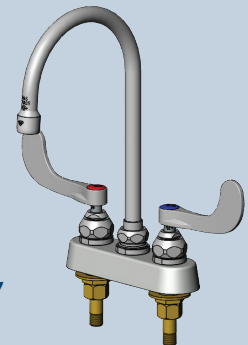

- New, updated, clean look

### 3 Change from stream regulators with unrestricted flow to water-conserving 2.2 GPM aerators.

- Water conservation straight out of the box – no need to replace stream regulators with aerators

### 4 Includes swivel-to-rigid lock washers.

- Gives installers the flexibility of a rigid nozzle option
