

**Limited Lifetime Warranty
(Commercial Applications)**

T&S warrants to the original purchaser (other than for purposes of resale) that such product is free from defects in material and workmanship for its limited lifetime. During this warranty period, if the product is found to be defective, T&S shall, at its options, repair and/or replace it. To obtain warranty service, products must be returned to...

*T&S Brass and Bronze Works, Inc.
Attn: Warranty Repair Department
2 Saddleback Cove
Travelers Rest, SC 29690*

Shipping, freight, insurance, and other transportation charges of the product to T&S and the return of repaired or replaced product to the purchaser are the responsibility of the purchaser. Repair and/or replacement shall be made within a reasonable time after receipt by T&S of the returned product. This warranty does not cover items which have received secondary finishing or have been altered or modified after purchase, or for defects caused by physical abuse to or misuse of the product, or shipment of the products.

Any express warranty not provided herein, and any remedy for Breach of Contract which might arise, is hereby excluded and disclaimed. Any implied warranties of merchantability or fitness for a particular purpose are limited in duration to the warranty period provided on the product. Under no circumstances shall T&S be liable for loss of use or any special consequential costs, expenses or damages.

Some states do not allow limitations on how long and implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. Specific rights under this warranty and other rights vary from state to state.

Attention California Residents:

⚠ WARNING This product can expose you to chemicals including Lead, Chromium (hexavalent compounds) and Phthalates (DEHP) which are known to the State of California to cause cancer and birth defects or other reproductive harm.

Stainless Steel ULTRARINSE Kit Assemblies

16" ULTRARINSE 1.5 GPM Multiple Tip Spray Asm		S-U18-KIT
1	0.3 GPM Spray Tip (U18-KIT only)	020666-25
10" ULTRARINSE 1.5 GPM Multiple Tip Spray Asm (shown)		S-U12-KIT
1	0.5 GPM Spray Tip (U12-KIT only)	020667-25
2	Diverter Cartridge	S020641-20
3	Diverter Cartridge Nut	S020645-20
4	Diverter Handle	S020642-30
5	M4 Screw, 17mm Long	020669-45
6	Lock Washer	014200-45

EN Stainless Steel Model Retro-Fit

Installation Instructions:

1. Unscrew nozzle from faucet.
2. Insert the stainless steel ULTRARINSE into the faucet and tighten nut.
3. For rigid connection between stainless steel ULTRARINSE and nozzle, keep lock washer in stainless steel ULTRARINSE swivel outlet.
4. Insert the removed nozzle into the top of the stainless steel ULTRARINSE and tighten nut.

ESP Instrucciones de instalación para la retroadaptación del modelo de acero inoxidable

1. Desenrosque la boquilla del grifo.
2. Inserte la unidad ULTRARINSE de acero inoxidable en el grifo y apriete la tuerca.

3. Para hacer una conexión rígida entre la unidad ULTRARINSE de acero inoxidable y la boquilla, mantenga la arandela de bloqueo en la salida de eslabón giratorio de la unidad ULTRARINSE de acero inoxidable.
4. Inserte la boquilla que retiró en la parte superior de la unidad ULTRARINSE de acero inoxidable y apriete la tuerca.

FR Instructions d'installation à posteriori du modèle en acier inoxydable :

1. Dévissez la buse du robinet.
2. Insérez l'ULTRARINSE en acier inoxydable dans le robinet et serrez l'écrou.
3. Pour une connexion rigide entre l'ULTRARINSE en acier inoxydable et la buse, conservez la rondelle de frein dans la sortie pivotante de l'ULTRARINSE en acier inoxydable.
4. Insérez la buse retirée dans la partie supérieure de l'ULTRARINSE en acier inoxydable et serrez l'écrou.

GER Edelstahlanschlussführung – Anleitung zum Nachrüsten:

1. Den Hahn von der Armatur abschrauben.
2. Edelstahl-ULTRARINSE in die Armatur einsetzen und die Mutter festschrauben.
3. Für eine feste Verbindung zwischen Edelstahl-ULTRARINSE und Hahn die Sicherungsscheibe im Schwenkauslass des Edelstahl-ULTRARINSE belassen.
4. Den zuvor abgeschraubten Hahn in den oberen Teil des Edelstahl-ULTRARINSE stecken und die Mutter festziehen.

ITA Modello in acciaio inox - Istruzioni per l'installazione a posteriori:

1. Svitare l'ugello dal rubinetto.
2. Inserire l'ULTRARINSE in acciaio inox nel rubinetto e stringere il dado.
3. Per un collegamento rigido tra l'ULTRARINSE in acciaio inox e l'ugello, mantenere la rondella di sicurezza nell'uscita con snodo girevole dell'ULTRARINSE in acciaio inox.
4. Inserire l'ugello rimosso nella parte superiore dell'ULTRARINSE in acciaio inox e stringere il dado.

EN Use Instructions:

1. Handle has 180° rotation for switching between stainless steel ULTRARINSE “SPRAY” and nozzle “FILL”.

ESP Instrucciones de uso:

1. La manija tiene una rotación de 180° para cambiar entre la posición de “ASPERSIÓN” y de “LLENADO” de la boquilla de la unidad ULTRARINSE de acero inoxidable.

FR Mode d'emploi :

1. La poignée est orientable à 180° pour passer de la buse ULTRARINSE en acier inoxydable de « PULVÉRISATION » à la buse de « REMPLISSAGE ».

GER Bedienung:

1. Der Griff ist um 180° drehbar, um zwischen „SPRAY“ (Sprühen mit dem Edelstahl-ULTRARINSE) und „FILL“ (Wasserauslass aus dem Hahn) umzuschalten.

ITA Istruzioni per l'uso:

1. L'impugnatura ha una rotazione di 180° per passare dall'ULTRARINSE in acciaio inox “SPRAY (SPRUZZO)” all'ugello “FILL (RIEMPIMENTO)” e viceversa.

EN CARE AND CLEANING OF CHROME AND SPECIAL FINISHES

DO NOT use abrasive or chemical cleaners (including chlorine bleach) to clean faucets as they may dull the luster and attack the chrome or special decorative finishes. Use ONLY soap and water, then wipe dry with clean cloth or towel. While cleaning the bathroom tile, the faucet should be protected from any splattering of cleaner. Acids and cleaning fluids will discolor or remove chrome plating. Do not use abrasive or chemical cleaners on the sensor lens as this will damage it and affect operation.

ESP CUIDADO Y LIMPIEZA DE LOS ACABADOS CROMADOS Y ESPECIALES

NO use productos químicos limpiadores o abrasivos (incluyendo blanqueador a base de cloro) para limpiar los grifos, ya que pueden opacar el brillo y dañar el cromo o los acabados decorativos especiales. SOLO use agua y jabón, después seque con una toalla o paño limpio. Cuando limpie los mosaicos del baño, debe proteger el grifo para evitar que le salpique limpiador. Los ácidos y los líquidos de limpieza decolorarán o removerán la cubierta de cromo. No use productos químicos limpiadores o abrasivos en el lente del sensor, ya que esto lo dañará y afectará su funcionamiento.

FR ENTRETIEN ET NETTOYAGE DU CHROME ET DES FINITIONS SPÉCIALES

N'UTILISEZ aucun produit abrasif ou chimique (même de l'eau de Javel) pour nettoyer les robinets car ces produits peuvent endommager le lustre et attaquer le chrome ou les finitions décoratives spéciales. N'UTILISEZ que de l'eau et du savon, puis essuyez avec un chiffon ou une serviette propre. Lors du nettoyage du carrelage de la salle de bains, il faut protéger le robinet de toute éclaboussure de produit de nettoyage. Les acides et les liquides de nettoyage décolorent ou attaquent le placage de chrome. N'utilisez ni produits abrasifs ni produits chimiques sur la lentille du capteur car cela l'endommagerait et affecterait son fonctionnement.

GER PFLEGE UND REINIGUNG VON CHROM UND SPEZIALVERARBEITUNG

KEINE aggressiven oder chemischen Reinigungsmittel (einschl. Chlorbleiche) verwenden, um die Armaturen zu reinigen, da dies den Glanz nimmt und Chrom oder spezielle dekorative Ausführungen angreift. NUR Wasser und Seife verwenden, dann mit einem sauberen Tuch oder Handtuch trocken reiben. Beim Reinigen der Badezimmerfliesen, sollte die Armatur gegen Spritzer des Putzmittels geschützt werden. Säuren und Reinigungsflüssigkeiten entfärben oder entfernen die Verchromung. Keine scheuernden oder chemischen Reinigungsmittel auf der Sensorlinse verwenden, da diese Beschädigungen verursachen und den Betrieb beeinträchtigen können.

ITA CURA E PULIZIA DI FINITURE CROMATE E SPECIALI

NON utilizzare detergenti abrasivi o chimici (tra cui candeggina a base di cloro) per pulire i rubinetti, in quanto potrebbero attenuare la lucentezza e intaccare la cromatura o le finiture speciali decorative. Utilizzare SOLO sapone e acqua, quindi strofinare con un panno pulito o un asciugamano. Durante la pulizia delle piastrelle del bagno, il rubinetto deve essere protetto da eventuali schizzi del detergente. Acidi e liquidi per la pulizia scoloriscono o rimuovono la cromatura. Non utilizzare detergenti abrasivi o chimici sulla lente del sensore per non danneggiarla e comprometterne il funzionamento.
