

Better built:

T&S CHEKPOINT SENSOR FAUCET (ABOVE-DECK ELECTRONICS)

TWO HYDROGENERATOR POWER OPTIONS

Low flow for 0.5-1.0 gpm or standard flow for 1.0 gpm or higher

STAINLESS STEEL BRAIDED SUPPLY HOSES

with inline check valves and filter washers

OPTIONAL ADJUSTABLE TEMPERATURE CONTROL MIXING VALVE OR AVAILABLE THERMOSTATIC MIXING VALVE

Both with integral check valves

CHROME-PLATED BRASS

for durability

POWER SUPPLY OPTIONS

AC/DC power (with easywire/hardwire), 6 VDC lithium battery, optional hydrogenerator

VANDAL-RESISTANT AERATOR

Prevents removal of aerator, which causes excessive water use

ABOVE-DECK TEMPERATURE MIXING HANDLE

Optional plug replaces handle when temperature is preset

LOW BATTERY INDICATOR LIGHT

ABOVE-DECK ELECTRONICS (ADE)

allow for easy control, installation and maintenance

FORGED BRASS DECKPLATE OPTIONS

4" and 8" models available

MULTIPLE AERATOR/OUTLET AND NOZZLE OPTIONS

to accommodate any application

ADJUSTABLE FEATURES

Internal flow control settings for adjusting auto time-out and shut-off delay

FAUCET GANGING OPTIONS

EC-Easywire and EC-hardwire options allow installation of up to 8 faucets on one power supply

HANDS-FREE OPERATION

prevents contamination and boosts hygiene

3-YEAR WARRANTY

on all T&S ChekPoint faucets

OPTIONAL AUTO-FLUSH (DIP switch settings)

runs water 30 seconds after 12 hours of inactivity to prevent stagnation

SUSTAINABILITY-MINDED

Sensor faucets save up to a gallon of water per handwash by running water only when needed

PRE-ASSEMBLED

to make installation quick and easy

ADA-COMPLIANT
